PROOF OF OWNERSHIP

Dear Dealer:

With the introduction of the K100, we will provide a new Proof of Ownership/Service History Booklet to our customers.

This new documentation booklet will provide:

1. Owner identification for warranty repairs.
2. A reminder to each customer of his service obligation.
3. Proof for warranty/product liability confrontations.
4. Service history for resale purposes.

This booklet will replace the owner documentation in the blue Rider's Manual for all models sold retail after June 15, 1984.

Please do not verify ownership in the old Rider's Manual and remove or void the page in the blue manuals. The new booklet and warranty statements will be sent directly to the customer by BMWNA.

It is, therefore, vital that you the dealer return the R.D.R. cards immediately after a retail sale, not only for the supply of this new proof of ownership, but also for warranty/VIN registration in our data system.

Without this R.D.R. card, no warranty claims can be paid.

A complete copy of this new booklet will be mailed to you in the new service literature kit.

All Rider's Manuals can now be ordered through normal parts channels under the following:
