Service Bulletin

Subject: Current Recall Campaigns / Codes

After completion of a Recall, how should I label the Motorcycle to reflect the completion?

In order to eliminate confusion after performing a Recall or Special Action, a small self adhesive label must be coded and affixed to the Motorcycle frame under the seat. The labels and the code punch are available from the BMW Parts Distribution Centers using the following part numbers:

        Code Punch   PN 95 65 1 000 131
        Labels   PN 01 99 9 750 968   (1 = 200)

A listing of all current Recall and Service Action Campaigns and appropriate code designations are listed on the second page of this bulletin. Additionally, a replacement page 4.13 for your Warranty Policies & Procedures Manual is enclosed. Please exchange this page in section 4.
